(Continued From Page 11) my responsibility for the past 35 years.

Of late I've been feeling so miserable that I've wanted to go to sleep and never wake up. I went to the doctor and answered all his personal questions in the presence of his nurse.

Yesterday, while shopping in the market, a neighbor came up and said, "I hear you've been so depressed lately you're in danger of losing your mind." I was so taken aback that I almost collapsed right there. I asked her where she heard such a thing and she replied, "The nurse who

works for Dr. ——— told the girls in her bridge club." She went on to relate details which could only have come from the nurse or the doctor, and I know very well the doctor doesn't talk. What shall I do? — R.S.

Dear R.S.: It is difficult to imagine such an unforgivable breach of professional ethics, and perhaps you have misunderstood the source of the gossip you heard. I suggest you go see the doctor again and clear up the whole ugly mess, in the presence of his nurse.

"I build all kinds, but I live in a Medallion Home"

RALPH W. CHRISTIE, EXECUTIVE VICE PRESIDENT, CUSTOMCRAFT CONSTRUCTION COMPANY
BUILDERS OF PARK HILLS ESTATES, VENTURA COUNTY

"Twelve years experience in building hundreds of homes, all kinds, convinced me. When it came to our own, it had to be a Medallion Home.

"The features of a Medallion Home make it easy for the hard-working woman of the house to be a better homemaker. The flameless electric heating in a Gold Medallion Home is the cleanest possible heat—healthful, too."

Wisely gauging public demand, Mr. Christie is building Ventura County's first Gold Medallion Home development, Park Hills Estates. Here, all the benefits of total electric living are ingeniously designed into a moderately priced residence.

When expert builders—such as Mr. Christie—choose Medallion Homes to live in and to build,

their experience can be your guide to better living. When you buy or build, look for the Medallion Home Award.

Only one new home in five earns the Medallion Home Award. These are the qualifications:

1. A flameless electric kitchen—cool, clean, modern. It comes equipped with major electrical appliances, including automatic electric range and oven.
2. Plenty of "Housepower"—modern wiring to handle today's and tomorrow's appliances.
3. Abundant lighting—planned for comfort, convenience and beauty.
4. Flameless electric space and water heating.
